GOVERNMENT PLANS NEW HOSPITAL

The State Government has bought land in Altona and Sunshine and reserved it for provision of a general hospital.

Announcing this yesterday, the Health Minister, Mr. Rossiter, said the Government realised there was a need for additional hospital accommodation in the western suburbs.

● In Altona, a site at the corner of Blackshaws and Millers roads has been bought for a general hospital.

● In Sunshine, 16 acres have been set aside for a general hospital and a mental unit.

In addition, the Government had bought 11 acres in Camp Road, Broadmeadows for a general hospital, Mr. Rossiter said.

Present value of the sites was almost half a million dollars.

Footscray priority

However, priority in hospital development in the west was being given to the Western General Hospital, Footscray, Mr. Rossiter said.

A \$2 million building programme for this hospital was in the final stages of planning and he expected work to begin soon.

The extensions included provision of a new casualty clinic and theatre; new outpatients' department and new departments for pharmacy, physiotherapy, special medical and surgical; and ante-natal and occupational therapy.

The next stage, costing over \$2½ million, would bring the bed accommodation to 500, Mr. Rossiter said.

Sunshine Council had suggested an alternative site to that in Ballarat Road for the new hospital.

This was north-west of the Ballarat Road site the

Government already owned and was near St. Albans.

Another site had been suggested further west, toward Deer Park.

Decision on site

The Government was prepared to authorise planning of major hospital facilities in Sunshine as soon as a decision had been made on which site was the best, the minister said.

He knew the Western Regional Development Bureau had stated it would probe the hospitalisation problem in the area and submit a report to the Federal Government asking for an overall capital grant.

The approach would be made with the eight municipal councils in the area and would seek establishment of a commission being set up on a regional basis.

Distribution of funds

This commission would distribute the funds on the basis of the report's recommendations.

The State Government would be delighted if the approach resulted in the Federal Government providing additional capital grants.

"But I am seriously disturbed that a scheme should be proposed in this piecemeal, back-door way without first having the Commonwealth Government observe the deficiencies of approaching the State Government first," Mr. Rossiter said.

The State Government would then have worked through the Hospitals and Charities Commission.

"This is the State authority responsible for the supervision and development of the public hospital service," he said.

"If the Commonwealth Government's intention was to emasculate the independence of the State Governments, this is the way to do it."

Big sisters
are handy

Six-year-old Julie Dicker, of North Altona, couldn't walk at the butchers' picnic at Werribee last week because she had arthritis of the hip. But with big sister Robin's help, she managed to get around on a trolley provided by the Children's Hospital.

IMBECILES is one word which could be applied to the rathags who persist in interfering with the shark alarm at the end of the Altona pier. It's got to the stage now where nobody takes any notice of it anymore, particularly the swimmers whose lives the alarm is designed to save.

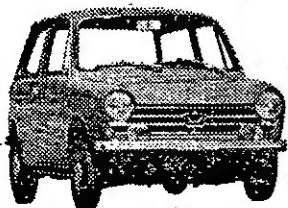

REMEMBER us telling you about the boxer dog which recently adopted the Hall family in Potlard Court? The dog, Prudence, has not yet been claimed and is being looked after by friends of the Hall family. Meanwhile the Halls' place continues to become a home for unfortunate animals and birds. Recent additions included a pig which was found wandering the streets and a sick seagull which later died when all efforts to save it failed.

ALTONA councillors are certainly justified in wanting a larger beach area for swimmers who invade the city during the hot spells. Evidence of this was provided by families who decided to use the hospital car park as a picnic area, last weekend. Police also had a field day booking motorists who had illegally parked their cars in the rush to get to the beach.

FOUR MEMBERS of the Altona Surf Club are now on their way to brave the big stuff along the north coast (Queensland). Before leaving they were given a briefing on where to find good thin waves by an old hand who used to take Mike and Tommy Petersen surfing. Another member of the surf club, Cookie, may soon be joining Warner Brothers.

The argument for mini bikes

A letter to the editor

Sir, — As the parent of a boy who owns a mini-bike, I would like to present the other side of the argument.

I think it is time someone defended the boys. In the case of my son, and the majority of other lads I know who own bikes, long hours were worked on newspaper runs or other tasks, to save money for the bike, and even then it was not bought before the matter was fully considered by the parents.

It would seem to me that they are anything but neglected children.

I have kept a careful watch on the boys' behavior both at "The Pines," and in the area behind the "23 houses". From what I can see the boys behave very well, and generally look after their bikes. A day's riding is followed by a night's cleaning and oiling and talking bikes and motors with dad. As far as noise is concerned, let's face facts, the bikes have smaller motors than motor mowers, the houses in Bell Street must have hessian walls!

On the subject of 23 names on a petition, I could get 23 people in one street to sign a petition on anything, and a much larger petition of people who would defend the lads would be an hour's work.

While I appreciate the position the police are in, an occasional check on the Pier Street or Civic Parade speedways, would be more in order.

For better or for worse, mini-bikes are with us.

I would prefer my son to learn motors and speed on a 50cc mini bike, than wait until he is 18 years old, and has a lot more power to control.

It should be realised that every mini-bike rider has his parents' consent. That parent has stressed the need for the crash-helmet on his head and the long trousers and sleeves the lads are wearing. That parent is also longing for the day when the boy will outgrow the craze.

With all the vacant land around Altona, surely there is one area the boys can have, they are not asking for money to be spent, they worked for their little bikes, surely they are entitled to the use of a few acres of un-used land.

A. L. HEINER, a parent who tries to understand.

TOUR 'OLD' F'SCRAY

People interested in the history of Footscray can go for conducted tours of the district on Sunday, February 25.

The assembly point is Batman Reserve, corner of Maribyrnong, Napier and Moreland streets, Footscray.

Tours will be held each hour on the hour between 10 a.m. and 3 p.m.

Slides of old Footscray will be shown in the marquee.

Organised by the City of Footscray Historical Society, the object is the preservation and recording of the history of Footscray.

Tea and coffee will be supplied and people are asked to take their own lunch.

THE STRANGE LETTER "E"

During the holiday period many people throughout the country had leisure time in which to reflect on the lighter things of everyday life.

Public Affairs Manager of Goodyear, Mr. Colin Davis, believes a good subject for such reflection is the letter "E".

"Many people," says Mr. Davis, "consider the letter E to be the most unfortunate letter in the alphabet. They say it is always out of cash, forever in debt, never out of danger and in torment at all times."

"But those same people forget that E is never in war, always in peace and always in something to eat. It is the beginning of

encouragement and endeavour and the end of failure.

"It is in the midst of friends and neighbours and without it, home would not be complete. It is never in injury, pain, fatality, doctor or hospital, but is ever present in health, wealth and happiness."

Oh, incidentally, motorists should always remember that "E" is the final part of the tyre.

FROM ONE MAYOR TO ANOTHER...

When Mayor of Altona, Cr. Harry Weaver and his wife and family visited Surfers' Paradise on holiday recently they were assured of the best of attention.

Why?

Their "guide" was none other than Mayor Bruce Small.

Alderman Small personally drove them around the Gold Coast and after a tour of the water ways and Nerang River in his speedboat took them back to his home a 1 1/4-acre island off the Isle of Capri.

Cr. Weaver and his family were shown a scale model of the Paradise City waterways. Complete with flowing water, the model covers an acre.

When the Weavers arrived in Surfers' Paradise after overnight stops at Eden, Sydney and Kempsey they found a letter of welcome awaiting them from Alderman Small plus a gold pass which entitled them to trips to Marine-land, Skiland, Santaland, bird sanctuary, boomerang factory and a plane ride along the coast from Coolangatta to Southport.

In Sydney the Weavers were given a tour over the Warragamba Dam with a two-hour launch trip, then lunch followed by a tour down inside the wall of the dam.

Back to Blackwood

It's "Back to Blackwood" this weekend and the Blackwood Progress Association is busy finalising the entertainment scheduled during the Australia Day Holiday weekend.

Attractions on Saturday January 27, include an antique show and a concert by Kyneton Municipal Band.

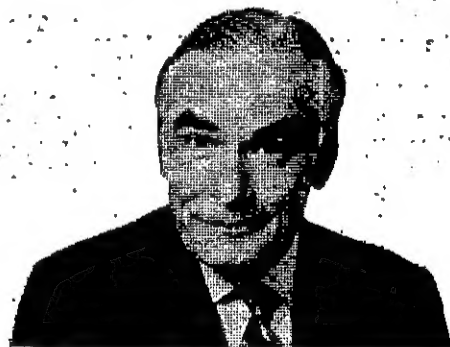

Supporting activities will include dancing by national groups, a pet parade, pony and hay rides and in the evening there will be a gala dance and euchre party in the hall.

On the Sunday following special church services

there will be a get-together, barbecue and band concert at the sports ground. The highlight will be a float parade timed to start at 1.30 p.m. from the old Royal Mail Hotel at Golden Point and then proceeding to the oval.

The celebrations will conclude with a square dance and euchre party in the hall in the evening.

It's a secure feeling to save with the biggest.

Val's Column

Hello Girls,

Let's see, what can we do to help control that too shiny face.

Firstly, an oily complexion will be prevalent — either all over or just on the "T zone" — forehead, down nose and chin.

Control your eating habits — no oily, greasy foods, these will cause blemishes anyway.

Before you dive into the makeup bag for powder, you should be shopping for the best suited cleanser. The bottles have marked on them what skin type they best suit — let our trained girls help you, you need a lotion type cleanser, the wash off variety. Be it Coty, Avacado Cleanser, Coty Rinse Off Cleanser, Dorothy Gray Two Minute Magic or Satura Foaming Cleanser.

Then you could have Revlon Clear and Clean Cleanser for oily skin or in the Natural Wonder range — the Foaming Cleanser. Cyclax offer you Cleansing Lotion or Medicated Soap or Cleansing Lotion.

See, there are so many, this is why we are trained, we understand your personal problem and can suggest a solution.

Each of the named cleansers have a toning lotion — or call it an astringent if you like — to stimulate, tighten your pores, balance out your oil/moisture skin content — all correcting that oily shine-through. You still can use a cream under your makeup. But! you need a moisturiser only, not an emollient cream. Any dryness you feel is a lack of moisture, not oils.

Before we talk of foundations — you, with your excess shine, should be a twice-a-week user of a face mask. This isn't a messy business girls, not nowadays. Once again you need trained help, there are masks and masks. The correct one can be quite colorless, smoothed on as is any cream and left twenty minutes at the most. If you are lucky with time on your hands then go ahead and lie down — but there is really no need. The family need not know you are watching TV with your mask on. They won't see it. This mask draws out impurities, tightens pores, stimulates sluggish circulation and tones up your skin. Use regularly for an improved complexion.

There are makeups such as Non-Oily Coty, Flowing Lotion and Blotting Powder by Revlon. Cyclax Anti Shine and Day Lotion — completely non-oily. Pant Cake is popular with oily complexions — but go for a change — look the range over — let us tell you about each one. Don't shine, but this doesn't mean stop glowing.

Residents complained —illegally parked motorists booked

Police in Altona booked a number of motorists for illegal parking during the weekend, following complaints by residents that cars were parked in front of driveways and in some cases across roadways.

Talking to the Star this week, Altona police chief, Inspector Bert Liddell said in many cases the congestion occurred because too many people were trying to park too close to the beach. "Had they parked a couple of blocks away this would not have happened," he said.

"In one case a whole street was sealed off because of motorists who

had parked illegally," said Inspector Liddell.

Inspector Liddell said apart from the illegal parking, visitors to the Altona beach during the hot weekend had generally behaved very well. "We did have a couple of cases of lost children," he said.

During the weekend, a number of larcenies were reported to Altona police by people who had been to the beach.

In some cases people reporting the incidents were not quite sure if they had lost their articles or if they had been stolen. Most of the items missing were articles of clothing.

"People must take more care of their property when at the beach," said an Altona police spokesman.

On another note, Altona Council (through its chief health inspector) is following up police action on fun parlors which do not have permits.

More blood donors wanted

One hundred and twenty blood donors are needed at Altona Civic Hall on Friday, February 2.

A spokesman for the Red Cross said the last visit to Altona was disappointing — only 85 blood donors attended.

Donors can attend the mobile unit between 9.45 a.m. and 3.15 p.m.

Any healthy person between 18 and 65 years and

over 7 stone in weight can give blood.

The entire process including medical check, donation and refreshments takes about 40 minutes.

The actual donation of blood only takes between 5 and 10 minutes.

The process of giving blood is simple, painless and safe. No one donates more than four times a year.

In this age of scientific advancement the uses of blood for surgery are multiplying daily, while the human blood donor remains the only source of this life-saving fluid.

Remember: "Just a few minutes of your time could be a lifetime to someone else."

MAYORAL MESSAGE

By Cr. Harry Weaver,
Mayor of Altona

Altona Council is fortunate that industry is helping us to keep trees and playing surfaces in our city alive.

Offers have been received from a number of major industries in Altona to provide water from their factories for emergency watering purposes.

The offers have been availed of by the council and a number of our sporting clubs.

Thanks to this assistance from the industries in our city it will not be necessary for council to make special representation to the Board of Works for the further release of water, as was the case with the Melbourne City Council.

The general condition of our beach and reserves after the weekend was not too bad considering the huge crowds which came to Altona during the hot spell.

On Monday, council workers formed a special work force for the big clean up.

On the subject of parking and general traffic conditions, all that was possible was done under the intense heat conditions.

Council will resume activities with a general

purposes committee meeting on February 6 and ratepayers are cordially invited to attend the first ordinary meeting of council on Tuesday, February 13, commencing at 8.00 p.m. in the council chambers.

Altona Council's 1973 pre-school immunisation programme is scheduled to commence on Friday, February 2.

COLONIAL GAS

WILLIAMSTOWN HOLD THIRD BERTH

Williamstown's sub-district cricket team lost Saturday's battle - but a firm hold on third position gives them hope of winning the war.

Although defeated by Preston, Willy's four points for leading on the first innings and Ormond's narrow victory over Coburg enabled them to move up the ladder.

Resuming at 5/33, Barry Hewet and Tom Ferris added 21 before Hewet was dismissed. He made 12.

Ferris was out soon after, with the score on 64. Next to go was Ian Collins - without scoring - and Les Joslin was caught when 13.

Peter Bowyer went for a "duck" and Willy finished with 68, leaving Preston 83 runs to gather. Preston passed the required total by the tea interval despite good bowling from Horsborough and Joslin.

Scores: Williamstown resumed 5/33.

2nd innings: Barry Hewet, c Robinson, b Howgate, 12. Tom Ferris, c Collins, b Rutenfelds, 9. Les Joslin, c Moore, b Rutenfelds, 13. Ian McLeod, c Collins, b Rutenfelds, 0. Peter Bowyer, c Telford, b Moore, 0. Geoff Horsborough, not out, 0. Sundries 13.

Preston: 1st innings, 69. 2nd innings 4/84.

SECONDS

A fighting hand by Graeme Coulston, who has had a bad run lately, saved the Seconds from humiliation against a strong Preston.

Preston got the necessary runs to take a first innings lead and declared at 3/89. Norm Shaw took the third wicket. Williamstown batted and declared

at 6/135, giving Preston 128 to get in 85 minutes. Coulston 53. Allan Harris 22, George Shaw 14 and John Becroft 16 not out were the highest scorers. Preston batted for some time and Williamstown had them 6/100 at stumps. Alan McLellan was brilliant behind the stumps and took two great catches. Norm Shaw finished with 3/10.

Scores: Williamstown, 1st innings, 85.

Second innings: Ron Shaw, stpd., 10. Phil McTaggart, c. O. Alan Harris, c. 22. Brian Park, c. 2. George Shaw, c. 14. Graeme Coulston, c. 53. John Becroft, n.o., 16. Andrew Davies, n.o., 4. Sundries 14. 6/135.

Preston: 3/89 1st innings (dec.). Second innings, 6/100. Bowling: 1st innings, Graeme Coulston two wickets, Norm Shaw one.

Second innings: G. Coulston, 1/26. L. Dowling, 2/40. P. McTaggart, 0/20. Norm Shaw, 3/10.

THIRDS

Williamstown Thirds, chasing 7/214, with all day to bat started poorly with "Doc" Salter being dismissed without scoring.

Runs came freely from the bats of Noel McLeod, and bulky Nev Speakman and the score was 3/150 at tea, but then the axe fell and they were all out for 176.

Noel McLeod, returning to form with a fast 44. Nev Speakman making 58 and Graeme Dean 39.

Coburg batted for the second time and were 1/31 at stumps.

Williamstown play Sunshine at home in a two-day game starting Saturday (Seconds at Dempster Park, Sunshine).

Thirds play Port Mel-

bourne in a two-day game starting Saturday at the Fearon Reserve. On the Australia Day holiday, Williamstown journey to their old rivals Brunswick, in a one-day game.

Altona's great weekend

Altona Cricket Club truly enjoyed last weekend - the seventh round.

Four matches were played and Altona took out the points in three.

A Grade

Resuming at 5 for 64, chasing Royal Park's 99, Shaw and Pace were able to take the score to 81 before Shaw was dismissed for 41.

The remaining batsmen

made the most of the conditions and were eventually all out for 139. A lead of 40 on the first innings.

Royal Park were content to play out time in the second innings and at stumps were 5 for 151.

B Grade

With Altona having established a lead of 19 runs on the first innings, quick runs were required if a declaration was to be made in an endeavor to take out 10 points.

Frank Thomas and John Deiner performed well with the bat in making 54 and 41 respectively out of a total of 5 for 136, declared.

Unfortunately Altona bowlers could not obtain the necessary breaks and at stumps Hakoah were 5 for 112.

Altona took out first innings points only.

C Grade

Altona took only 35 minutes to complete this game and take outright points.

Alan Jobson took two wickets and Frank Riall the remaining one. The opposition were all out for 56, an overall lead of six runs.

Geoff Stephenson and Peter Carton made short work of getting the necessary runs.

CLUB XI

With the opposition one for eight, Altona were looking for quick wickets, which in the initial stages of play appeared to be coming.

With the score at 4 for 46 it looked to be going Altona's way. Unfortunately a couple of partnerships were able to take the score to 149 before the last wicket fell.

Altona played out time in its second innings and at stumps were 4 for 62.

Finals hopes brighten

Newport's faint hopes of entering the finals glinted after last weekend's match.

Resuming at 3/23, Newport slipped early but recovered and slammed 150 runs to pass Youlden-Parkville's first innings total of 130 dec.

Leaders of the fight were John Mason, with a brilliant hand of 63 and a determined innings by Jeff Colvin, 36 not out, Youlden-Parkville were 2/32 at stumps.

SECONDS

Newport, first innings - 193. Youlden-Parkville, first innings - 88. Second innings - 133.

John Thompson 4/44 and Geoff Walsh 4/28 were chief wicket takers. Newport passed the required 29 runs with the loss of only one wicket.

CLUB XI

Resuming at 2/11, Gellibrand were bundled out for 124. Tom Barrassi 3/29 and "Wrecker" Gregory 3/27 caused the downfall.

Newport were 1/8 at stumps, gaining outright points.

Five records broken at little athletics
